

# Spyder F3 Touring / Limited Woody Web Kit

## Pieces Provided:

- \* Access Panel
- \* Intake Panel
- \* Knee Panels
- \* Tank
- \* Front Fenders
- \* Saddle Bag Tops

Your kit has been produced on transparent material which allows the color of your bike to show beneath the design. Please follow our wet application instructions when applying this kit. In addition, we have a few videos showing how to mix your water solution along with how to properly place the panels.

Please contact us if you have any questions prior to applying your WoodyWeb Kit.

NOTE: If applying this kit on darker color machines be aware that the kit colors will be greatly muted and in some cases elements may not show up on surface at all. \* Panels provided will vary depending on model and trim level.
